## SNYDER FIELD

### SNYDER FIELD

In 1996, with the construction of Gibbs Stadium for the football team, Snyder Field underwent a near-complete renovation. Included in the changes were a widening of the field to make it one of the top soccer-specific stadiums in the southeast.

The Wofford men's and women's teams have made Snyder Field home since the 1997 season. Located between the Richardson Building, the Campus Life Building and Russell C. King Field, Snyder Field is centrally located on campus.

The Wofford men's soccer team previously played on Snyder Field until the 1989 season, when they moved to the Terrier Soccer Complex.

The facility is named for former Wofford president Henry Nelson Snyder (1902-1942) and can seat 2,250 in bleachers. Additional standing-room areas are located around the perimeter of the facility.

## THIS IS WOFFORD

Wofford College, established in 1854, is an independent liberal arts college located in Spartanburg, S.C. It offers bachelor's degrees in 26 major fields of study, and is well known for its programs leading to graduate and professional studies. Affiliated with the United Methodist Church, the college is committed to quintessential undergraduate education within the context of values-based inquiry.

Wofford College consistently finds itself as a benchmark for what higher education should be now and in the future, and how students can find an exciting and fulfilling undergraduate experience that also is a good value both in financial investment and in value-added by that educational experience.

The college has scored high on the National Survey of Student Engagement (NSSE), which measures the level of academic challenge, active and collaborative learning, student-faculty interaction, enriching educational experiences, and a supportive campus environment.

Wofford can be found in numerous college guides that provide perspectives from a variety of sources. Among those are *U.S. News & World Report's* "America's Best Colleges," *The Princeton Review's* "Best 376 Colleges," *The Fiske Guide to Colleges*, *The (Yale) Insider's Guide*, and *Peterson's Colleges for Top Students*.

Forbes.com ranked Wofford as one of "America's Best Colleges" in 2011, the highest rated institution in South Carolina. In its November 2010 issue, *Kiplinger's Personal Finance* magazine ranked Wofford among the nation's best private college values, at number 31.

Wofford consistently lands on "best value" lists in various other national college guides and publications. In *U.S. News & World Report's* 2010 "America's Best Colleges," Wofford was included in "Great Schools, Great Prices," a listing of 31 liberal arts colleges.

Wofford ranks ninth in the country in the percentage of undergraduates receiving credit for studying abroad, according to Open Doors 2010, a report published by the Institute of International Education (IIE).

The Village, Wofford's apartment-style housing for its senior students, has earned a number of national recognitions. Phase V of The Village will open in the fall of 2011 with loft-style apartments along with a grand galleria, deli restaurant and market. It will be anchored by the Center for Professional Excellence.

Wofford was named to the President's Higher Education Community Service for 2010, presented by the Corporation for National and Community Service, an independent federal agency tasked with fostering an ethic of volunteerism and service in America. Wofford also was included in the 2009 Guide to Service-Learning Colleges & Universities, highlighting the college's programs to encourage student engagement.

Wofford's entire 175-acre campus is a national arboretum, which was named the Roger Milliken Arboretum at Wofford College in honor of the late longtime trustee and benefactor. More than 5,000 trees have been planted on the Wofford campus since 1992.

## ACADEMICS

Wofford offers distinctive learning opportunities that set it apart from other liberal arts colleges. They provide students with meaningful study-abroad experiences, exciting and socially useful service opportunities, career-related and experiential learning possibilities, interaction with great academicians from across the world, and exposure to renowned authors, artists, and business and professional leaders. Such "focal point" programs include, but are not limited to:

**The Interim**, a January term that encourages students and faculty to explore new interests both on and off campus.

**The Bonner Scholar Program**, a service-learning scholarship program that places deserving students in volunteer positions throughout the community.

**The Success Initiative**, a leadership and scholarship program that offers practical, project-based experience.

**The Vocational Discernment and Pre-Ministerial Program**, a counseling and mentoring approach to helping students make personal decisions regarding further study and careers in the ministry.

**Environmental Studies** provides a creative and supportive learning environment that helps students pursue their goals in the rigorous and challenging program. It operates both on Wofford's campus and at the new Glendale Shoals Environmental Studies Center at Glendale, S.C. The property where the center is located borders 19 acres of protected green space along the Lawson's Fork Creek.

**Neuroscience**, a program in which students examine the nervous system and its regulation of behavior through an experimental approach, offered jointly by the Departments of Psychology and Biology.

**Computational Science**, a fast-growing interdisciplinary field that is at the intersection of the sciences, computer science and mathematics, involves learning to store, retrieve, process and visualize massive amounts of information in web-accessed databases.

**Learning Communities**, an interdisciplinary approach to learning that links courses in two or more departments through a common theme.

**The Novel Experience**, a first-year reading and writing program that offers an introduction to the academic rigors of Wofford while familiarizing students with the Spartanburg community.

**The Creative Writing Concentration**, a program led by outstanding published faculty writers that provides additional opportunities for students to hone their creative writing skills, earn coveted prizes and become published writers themselves.

**Presidential International Scholar**, an opportunity for an outstanding, intellectually gifted student to visit other parts of the world researching specific academic areas of interest.

**The Community of Scholars**. Student fellows in this summer program work under the supervision of faculty mentors engaged in parallel or related research. The projects encompass all disciplines, including science, the humanities, the social sciences and the fine arts.

## THE CAROLINA PANTHERS

The Carolina Panthers have held training camp at Wofford since their inaugural season in 1995. The camp provides Wofford tremendous national exposure and visibility. Media members that visit Wofford during the five-week camp include ESPN, Fox Sports Net, *USA Today* and *Sports Illustrated*. Local print and television media from markets including Columbia, Charlotte, Raleigh/Durham/Chapel Hill, Asheville and Greensboro/Winston-Salem are on campus on a daily basis.

According to SI.com's Tim Layden, "as I like to think of it: Training Camp Heaven. Wofford is 70 miles west of Charlotte on I-85, and presents all the reasons why there is something special about taking the team on the road for camp. Three pristine, Bermuda-grass fields with a stand of tall pines on two sides and a steep hillside -- where fans sit and watch -- on another. Fans, many of them young boys and girls, lined up along the fence, getting autographs after practice. It's a scene straight out of football's past."

## THE RICHARDSON BUILDING

### THE RICHARDSON BUILDING

The home of the Wofford College Athletic Department is the Richardson Physical Activities Building. The facility includes offices for the administration, football, basketball and other sports on the second floor. Also included on the second floor is an aerobic dance room and weight room with machine and free weights along with a variety of cardio machines. Locker rooms for football, men's and women's basketball, men's and women's soccer and a training room are located on the first floor.

Wofford alumnus and Carolina Panthers owner Jerry Richardson made a \$1 million donation in 2008 that was used for enhancing the Richardson Building. Numerous improvements were made in the facility to ensure that it is one of the most advanced athletic facilities in the nation.

Enhancements to the Richardson Building include new paint and carpet in the entire facility. The coaching and administration suites have been reconfigured to provide better reception areas. Football and men's basketball offices are outfitted with a new video system, including computers, editing software and large-screen monitors. This new system is similar to those being used by the NFL and NBA.

Inside the Harley Room, a new audio/video system was installed to handle the variety of events held in the room. New displays for academic honors, Southern Conference honors and the Hall of Fame are a part of the project. Additional murals and photos compliment the building and give it a fresh look.

In addition, the fitness facilities have been upgraded as well. Nearly \$100,000 worth of new equipment was added to supplement the current selection of treadmills and elliptical machines. The cardio area features six flat panel televisions for viewing while working out. The fitness area is used by the entire student body at Wofford.

Left: The fitness facility is available for all students and has numerous cardio machines in addition to free weights and weight machines. Top: The reception area for the football office suite. Above: The football locker room.

## STRENGTH AND CONDITIONING

### THE JOE E. TAYLOR CENTER

Wofford alumnus and South Carolina Secretary of Commerce Joe Taylor donated \$1 million for the renovation of the Curry Building into the Joe E. Taylor Athletic Center. The Taylor Center features a 7,000 square foot weight room and offices for athletic department staff. The building, located next to Gibbs Stadium, was completed in June of 2009.

The weight room facility is equipped with a total of 24 racks with built-in pull-up bars and nearly 25,000 pounds of plates, dumbbells and olympic weights. The 24 racks are divided, with twelve used with platforms and twelve used with benches. Additional equipment includes four pulldown machines, four low row machines, five power runners, six glute/ham machines, two decline ab machines, a leg press and exercise bike. Also included is a large area of Mondo track flooring, which is used with the step-up boxes, plyo boxes and hurdle sets in speed development.

The Taylor Center also provides offices for administration and numerous sports, including men's and women's soccer, baseball, men's and women's golf, volleyball, men's and women's tennis and cross country and track and field. A conference room and several work areas give the coaching staff much needed space.

### MISSION STATEMENT

The Wofford College Strength and Conditioning Department embraces the mission of both the college and athletic department. The mission of our program is to foster a positive, safe, challenging, and training environment. Our approach allows coaches, athletic trainers, and athletes to work together towards developing an athlete's full physical and mental potential.

A focal point of our training programs will be to not spend too much time training one specific aspect of development, but to train with balance. We will be hitting all areas, not neglecting another to prevent injury. Our coaches will inspire the athletes to be consistent, disciplined, and to put forth a great effort every day; never allowing their feelings to affect their performance.

### THE PHILOSOPHY

The Strength and Conditioning Program consists of a year-round training philosophy designed to improve all aspects of physical and mental development of each athlete. The training cycles consist of different phases, all of which follow sound fundamental training principle and periodization ranging from low to high intensity and high to low volume. These are all encompassing sport specific macrocycles, mesocycles, and microcycles, which will allow each athlete the best opportunity for reaching maximum genetic potential.

### GOAL

The goal is to improve the strength, speed, agility, balance, and coordination of the athletes. We will further develop proprioception, kinesthetic awareness, eye-hand and eye-foot coordination. We will be focusing on injury prevention, flexibility, and overall power of the athletes trained under the direction of the strength and conditioning department. This will enable each athlete to have the skills and tools necessary to achieve success.

## Ralph Polson | HEAD COACH Erskine '80 • Fourth Season at Wofford

Ralph Polson is entering his fourth season at the helm of the Wofford men's soccer program. He joined the Terriers after eight seasons as associate head coach at the College of Charleston and 17 seasons as head coach at Presbyterian College.

After the 2010 fall season, six different men's soccer student athletes were named to the All-Southern Conference Academic team. Coach Polson strives to push his student-athletes to excel in school as well as on the field. In Coach Polson's three year tenure at Wofford, he has had 49 All-Southern Conference Academic selections awarded to his student-athletes.

In only his second season at Wofford, Polson turned a team that had won only six Southern Conference games in the previous nine years into conference champions. Overall, the Terriers were 12-3-3 on the season, marking the second-most wins in school history and the most since 14 wins in 1994. In conference play, Wofford was 5-1-1 to claim the regular season championship. Prior to 2009, the most SoCon games won in a season were two.

Once Wofford claimed the Southern Conference regular season title with a 4-3 win at Furman, the Terriers hosted the 2009 conference tournament at Snyder Field. Following a 3-1 win over UNC Greensboro in the semifinals, the Terriers defeated Elon 2-1 to win the tournament title. Along with the tournament championship came the league's automatic bid to the NCAA Tournament. Wofford faced #5 UC Santa Barbara in the first round of the tournament and were defeated 1-0 in front of over 2,000 fans.

With the success of the team, six players were named to the Southern Conference All-Conference team and Polson was named the SoCon Coach of the Year. In addition, senior Nick Schuermann earned All-America and NSCAA Scholar All-America honors. Polson was also named NCSAA South Coach of the Year and was a finalist for national coach of the year honors.

During his first season, the Terriers posted a 6-13 overall record and a 2-5 mark in the Southern Conference. The two conference victories were the most for the team since the 1999 season and included a win over Furman for the first time since 1982. In addition, nine student-athletes were named to the Fall Academic All-Conference team, the most by a men's soccer program in the Southern Conference.

Wofford named Ralph Polson as head men's soccer coach January 14, 2008. "We are pleased to have Ralph Polson as head coach of the men's soccer program at Wofford College," said Director of Athletics Richard Johnson. "Ralph brings a wealth of experience to the position and is very familiar with the Southern Conference. We hope to continue to build on the progress made this past season by the team."

In his eight seasons at the College of Charleston, the Cougars reached the Southern Conference semifinals five times and the finals twice. In 2004, the Cougars won the Southern Conference Championship and appeared in the NCAA Tournament. They defeated South Carolina 3-2 in the first round before falling to UNC Greensboro.

Polson coached nine All-Southern Conference first-team players while at College of Charleston who earned 12 honors. Overall, the Cougars were 89-59-14 in his eight seasons, which included seven winning campaigns.

## HAT TRICKS

There have been nine hat tricks in Wofford history, with only two hat tricks in Wofford's Division I era (1995-present). The first was by Kyle Walker '08 when he scored three times in the regular-season finale against Birmingham Southern on November 7, 2007 at Snyder Field. The second was on November 3, 2009 when Nick Schuermann '10 scored three times at Furman, with all three coming as the result of corner kicks. With the 4-3 win, the Terriers secured the 2009 SoCon regular season title.

## NCAA COMPLIANCE

The importance of following all NCAA rules and regulations is imperative to maintaining the integrity of Wofford College and intercollegiate athletics. We ask all who are associated with the institutions athletics programs to help the College protect the spirit of competition, the athletics eligibility of our student-athletes and the reputation of the College by adhering to the rules and regulations of the NCAA and by contacting the Compliance Office or the NCAA with all questions. If you have any questions about NCAA rules, please contact Elizabeth Rabb at (864) 597-4090, the Wofford website at [woffordterriers.com](http://woffordterriers.com) and click on 'Compliance,' or the NCAA at [www.ncaa.org](http://www.ncaa.org).

## What is a Representative of Athletics Interests (Booster/Donor)?

All alumni, friends, and employees of the College are categorized as 'representatives of athletics interest.' The NCAA stipulates that once an individual has been identified as a 'representative' or "booster/donor" he/she retains this status forever even if the individual is no longer associated with the athletics program. Furthermore the NCAA states that it is possible for a person to be a representative of more than one institution at the same time. A representative of athletics interest may not:

- Contact a prospect's coach, principal or counselor in an effort to evaluate a prospect
- Visit the prospect's institution to pick up film or transcripts
- Contact a prospect, his/her parents, legal guardians or spouse on or off campus
- Contact a prospect by telephone or letter
- Make special arrangements to entertain a recruit
- Provide extra benefits to a prospect, student-athlete or the parents, family and/or guardians of the prospects or student-athletes

**REMEMBER THE #1 RULE: 'ASK BEFORE YOU ACT!'**

## PHI BETA KAPPA

At the end of the last academic year, there were approximately 2,000 four-year colleges in the United States. Only 262 of them have the right to induct their graduates into Phi Beta Kappa, the nation's most prestigious liberal arts honor society. There are five independent Phi Beta Kappa colleges and universities in the Carolinas: Wofford, Davidson, Duke, Furman and Wake Forest.

Phi Beta Kappa has an interesting history. Founded at the College of William and Mary in December 1776, Phi Beta Kappa was the first of the Greek letter fraternities and adopted such rituals as the badge, the secret oath, and the special handclasp from the various secret societies of the day.

Phi Beta Kappa, however, was also devoted to the principles of "friendship, morality, and literature (or learning)," and these characteristics gradually attained the greatest emphasis. John Quincy Adams, Edward Everett and Joseph Story, members of the Harvard chapter, are credited with making the fraternity a public literary and honor society for undergraduates in the 1830's. Women were first admitted to Phi Beta Kappa in 1875 at the University of Vermont.

Only two chapters of Phi Beta Kappa existed in the Southeast before 1900, but gradually the historic state universities and the most outstanding private colleges began to secure chapters. The process of earning a charter often takes many years and standards are very high. Final approval comes by vote of all the chapters at the triennial meetings of the United Chapters of Phi Beta Kappa. At the August 1994 triennial meeting in San Francisco, 53 colleges and universities sought chapters, but only seven institutions even qualified for a vote.

Wofford received its chapter at the 1940 triennial meeting, bringing to fruition more than ten years of work by three Phi Beta Kappa members who were then serving on the faculty: President Henry Nelson Snyder, Dr. David Duncan Wallace, class of 1894, and Dr. John West Harris '16, a brash and brilliant young English professor not afraid to campaign vigorously in the conviction that his alma mater deserved membership. (Dr. Harris later founded the National Beta Club, which still has its headquarters in Spartanburg).

Clark Powell '09 is the latest men's soccer player to be inducted into Phi Beta Kappa at Wofford. He is the ninth student-athlete from men's soccer and the first since 2006. Powell, from Birmingham, Alabama, graduated magna cum laude with a double major in biology and Spanish.

With about 350,000 members across the country, Phi Beta Kappa today sponsors numerous programs to encourage scholarship and learning, including the Phi Beta Kappa Book Awards and the visiting scholar, academic fellowship and leadership programs.

For these reasons, Phi Beta Kappa Day at Wofford has institutional significance, as well as being especially memorable for the new members, each of whom will receive the traditional Phi Beta Kappa watch key or pin.

The Southern Conference, which began its 91st season of intercollegiate competition in 2011, is a national leader in emphasizing the development of the student-athlete and in helping to build lifelong leaders and role models.

The Southern Conference has been on the forefront of innovation and originality in developing creative solutions to address issues facing intercollegiate athletics. From establishing the first conference basketball tournament (1921), tackling the issue of freshmen eligibility (1922), developing women's championships (1984), to becoming the first conference to install the three-point goal in basketball (1980), the Southern Conference has been a pioneer.

The Southern Conference is the nation's fifth-oldest NCAA Division I collegiate athletic association. Only the Big Ten (1896), the Missouri Valley (1907), the Pacific 10 (1915) and the Southwestern Athletic (1920) conferences are older in terms of origination.

Academic excellence has been a major part of the Southern Conference's tradition. Hundreds of Southern Conference student-athletes have been recognized on Capital One Academic All-America and all-district teams. A total of 19 Rhodes Scholarship winners have been selected from conference institutions.

The Conference currently consists of 12 members in five

states throughout the Southeast and sponsors 19 varsity sports and championships that produce participants for NCAA Division I Championships.

The Southern Conference offices are located in the historic Beaumont Mill in Spartanburg, S.C. A textile mill that was in operation from 1880 until 1999, Beaumont Mill was renovated in 2004 and offers the league meeting areas and offices as well as a library for storage of historical documents.

#### **MEMBERSHIP HISTORY**

On Feb. 25, 1921, representatives from 14 of the Southern Intercollegiate Athletic Association's (SIAA) 30 members met at Atlanta's Piedmont Hotel to establish the Southern Intercollegiate Conference. On hand at the inaugural meeting were officials from Alabama, Alabama Polytechnic Institute (Auburn), Clemson, Georgia, Georgia School of Technology (Georgia Tech), Kentucky, Maryland, Mississippi A&M (Mississippi State), North Carolina, North Carolina State, Tennessee, Virginia, Virginia Polytechnic Institute (Virginia Tech) and Washington & Lee.

Dr. S.V. Sanford of Georgia was chosen as acting chairman and N.W. Dougherty of Tennessee was named secretary. The decision to form a new athletic conference was motivated by the desire to have a workable number of conference games for each

league member. With 30 schools in the SIAA by the early 1920s, it was impossible to play every school at least once during the regular season and many schools went several years between playing some conference members. In addition, in 1920, the SIAA voted down proposed rules that an athlete must be in a college a year before playing on its teams and refused to abolish a rule permitting athletes to play summer baseball for money.

Play began in the fall of 1921 and a year later, six more schools joined the fledgling league including Tulane (which had attended the inaugural meeting but had elected not to join), Florida, Louisiana (LSU), Mississippi, South Carolina and Vanderbilt. VMI joined in 1925 and Duke was added in 1929.

By the 1930s, membership in the Southern Conference had reached 23 schools. C.P. "Sally" Miles of Virginia Tech, president of the Southern Conference, called the annual league meeting to order on Dec. 9, 1932 at the Farragut Hotel in Knoxville, Tenn. Georgia's Dr. Sanford announced that 13 institutions west and south of the Appalachian Mountains were reorganizing as the Southeastern Conference. Members of the new league included Alabama, Alabama Polytechnic Institute, Florida, Georgia, Georgia School of Technology, Kentucky, Louisiana, Mississippi, Mississippi A&M, University of the South, Tennessee, Tulane and Vanderbilt.

According to the minutes of the meeting, Dr. Sanford stated that the division was made along geographical lines. Florida's Dr. J.J. Tigert, acting as spokesman for the withdrawing group, regretted the move but believed it was necessary as the Southern Conference had grown too large. The resignations were accepted and the withdrawing schools formed the new league which began play in 1932.

*The Southern Conference office is located in the refurbished Beaumont Mill in Spartanburg, less than a mile from the Wofford campus.*

# 2011 WOFFORD MEN'S SOCCER

The Southern Conference continued with membership of 10 institutions including Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina, Virginia, VMI, Virginia Tech and Washington & Lee.

The second major shift occurred some 20 years later. By 1952, the Southern Conference included 17 colleges and universities. Another split occurred when seven schools including Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest departed to form the Atlantic Coast Conference which began play in 1953. The revamped Southern Conference included members The Citadel, Davidson, Furman, George Washington, Richmond, VMI, Virginia Tech, Washington & Lee, West Virginia and William & Mary.

Today, the league continues to thrive with a membership that includes 12 institutions and a footprint that spans five states: Tennessee, North Carolina, South Carolina, Alabama and Georgia. Current league members are Appalachian State, College of Charleston, The Citadel, Davidson, Elon, Furman, Georgia Southern, UNC Greensboro, Samford, Chattanooga, Western Carolina and Wofford.

## CHAMPIONSHIP HISTORY

The first Southern Conference Championship was the league basketball tournament held in Atlanta in 1922. The Southern Conference Tournament remains the oldest of its kind in college basketball.

The Southern Conference declares champions in 10 men's sports - football, soccer, cross country, basketball, indoor track and field, outdoor track and field, wrestling, baseball, tennis and golf - and nine women's sports - soccer, volleyball, cross country, basketball, indoor track and field, outdoor track & field, tennis, golf and softball.

## FOOTBALL

The Southern Conference has excelled as the premier Football Championship Subdivision (FCS) conference. Southern Conference member Appalachian State won three consecutive FCS titles from 2005-07, becoming the first team to do so. The league boasts more than 250 players who have garnered All-America recognition and numerous national player or coach of the year awards. The conference has had at least one team in the Top 10 of the final FCS poll for 25 consecutive years with at least

two teams finishing in the Top 20 in every season since 1982.

The conference has placed multiple representatives in the FCS Playoffs in 24-of-28 seasons, with 16 Championship Game appearances and eight national titles. The Southern Conference has had at least one team reach the semifinals in 11 of the last 13 years and in 17 of the last 20 seasons.

*Wofford won the 2003, 2007 and 2010 SoCon Football Championships.*
